EAD

ELECTRIC ADVANCE & DROP TV WALL MOUNT

The Electric Advance and Drop TV Wall Mount is a one of a kind bracket designed to move a flat screen down to a more desirable viewing height.

The down and out movement make this ideal for mounting a TV over a fireplace as the EAD moves forward to clear a mantle piece and then drops down for a more favourable viewing position. A truly unique and creative solution.

A motorised swivel version is also available - EAD-S

- Unique Forward and Drop (Out and Down) Motion
- Removable Magnetic Covers to Create a Neat Finish
- Simple Hook-on Style Screen Mount (As found on the PS Bracket range)
- Perfect For Mounting TV Above Fireplaces
- A simple, single point tilt adjustment to ensure that the screen is always parallel to the wall
- Full Cable Management
- Smooth Quiet Motion
